RE: Title I, Section 101

Dear Election Assistance Commission:

As requested by the EAC, the below information is a detailed list of expenditures made by Tennessee with the funds provided under Title I, Section 101 between the months of January 1, 2006 and December 31, 2006. Included in this packet is the Standard 269 financial report for Sections 101.

TITLE I Section 101

In accordance with Tennessee's State Plans and Title I of the Act, Section 101 money may be spent on improving the administration of elections for Federal office as well as complying with the requirements of Title III of the Act. Title III of the Act requires the replacement of all punchcard and lever voting systems. All voting systems must comply with certain standards set forth in the Act. Each state must also implement and maintain a computerized statewide voter registration list.

Personnel were hired in order to meet those requirements. A System Administrator-AES (Computer Information Service Employee) oversees the implementation of the computerized statewide database. This individual works on a daily basis with the coordinator of elections and the local county election commission offices. The System

Administrator implements and maintains the database as well as provides support to local election officials.

2007 MAR 19 AM 10:18

A HAVA Coordinator was hired to work directly with local election commissions and the vendors on the purchase of state approved voting systems. This individual oversaw all contracts and money distribution relating to the purchase of the new or upgraded voting systems. The HAVA Coordinator reports directly to the coordinator of elections on the progress of all HAVA programs. The HAVA Coordinator also works with local election officials on the continuing training and education of the polling place officials, poll workers and voters as it relates to the voting systems.

A legal consultant (HAVA attorney) was hired to supervise the implementation of all the HAVA requirements set forth in the Act. This individual is also coordinating the program to make all polling locations accessible to individuals with disabilities in Tennessee.

Therefore, the majority of the money spent in 2006 from the Title I, Section 101 fund went towards the salary, benefits, retirement and travel expenses of the above mentioned personnel.

In addition, two thousand eight hundred twelve dollars and ninety-six cents (\$2,812.96) was spent on office supplies, operational supplies and other equipment for the above mentioned personnel.

Section 101 also allows money to be spent on improving the administration of elections for Federal offices. Section 402 requires the establishment of a state based administrative complaint procedure. Tennessee spent two hundred and eighty-six dollars and sixty-two cents (\$286.62) on the printing and distribution of the State's HAVA Complaint form to the local counties.

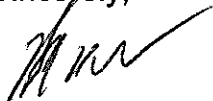

Finally six hundred and ninety-five dollars and sixty-five cents (\$695.65) was spent on administrative billing charges. (See chart on page 3).
